

# PEAK

## P E R S P E C T I V E S

The Monthly E-Newsletter of  
Peak Pathways, LLC.

### Renewal

Today is renewal day at Peak Pathways in three respects. After not producing our newsletter we are back with a shorter simplified style and using a new service provider. As detailed in the article below we have also renewed and simplified our website to reflect our current business offerings more simply and directly. Most significant, from our business development standpoint, is a major shift in our assessment offerings. The article below explains that we are a PXT Select™ Authorized Partner which enables us to provide significantly higher value to our clients.

We appreciate your feedback and look forward to serving you for many years to come.

Since we've changed our newsletter system, in order to keep our records updated, please reconfirm your interest in receiving emails from us by using the link at the bottom of the newsletter. If you no longer wish to receive emails, you can unsubscribe using the link below as well.

As always we welcome your comments and questions.

### About Peak Pathways

The focus of Peak Pathways is on the leader with services in four key areas:

#### [Leadership/Executive](#)

[Coaching](#) helps leaders to personally grow in areas important to business results.

#### [Career Transition Coaching](#)

emphasizes accelerating success for leaders facing new roles and responsibilities.

#### [Team Coaching](#) is working with

staff members at various levels to reach new heights of productivity and personal satisfaction.

#### [Team Selection & Development](#)

creates strategic plans and routines to hire and develop the right person for every job.

## Website Updates

We are pleased to announce the launch of our newly redesigned website. Over the years, we've received a lot of helpful feedback from our customers about features they love, as well as, things we could improve. We've been hard at work for the past several months creating a new website. We believe our new website gives [PeakPathways.com](https://PeakPathways.com) a modern look and feel while enhancing the already user-friendly interface.

We invite you to checkout our new design and let us know what you think. We are always looking to improve!

## Now a PXT Select™ Authorized Partner

Peak Pathways has officially joined the PXT Select™ Authorized Partner Network and can now provide PXT Select™ assessment solutions to organizations throughout North America. PXT Select is a next generation selection assessment that makes the very human decisions about hiring simpler and smarter. As a PXT Select™ Authorized Partner, Peak Pathways plays an active role in sustaining and promoting the value of assessment solutions and is dedicated to helping organizations build better, more productive, and happier workforces.

“We are delighted to welcome Peak Pathways to our talented PXT Select Authorized Partner Network,” said Julie Straw, VP of Assessments at Wiley. “Their dedication to delivering a simpler solution for hiring and developing top talent significantly contributes to our shared goal of building better workplaces.”

PXT Select, a Wiley brand, offers superior selection and employee-assessment solutions that fill the gap between the résumé and interview. These high-quality, research-validated tools provide actionable data about candidates in an easy to understand format that helps simplify and improve hiring processes. By identifying the most suitable candidates, organizations reduce turnover, boost employee engagement, and ultimately invest in improving their workplaces.

PXT Select was built on the legacy of the ProfileXT®, a flagship selection tool from Profiles International, a

company that provided talent management tools to clients worldwide for over 20 years. In April 2014, Wiley acquired Profiles International and has worked with the former team to strengthen the company's focus on innovation and collaboration. As a result of their combined efforts, the PXT Select brand was born in January 2016 and joined Wiley's successful suite of workplace solutions. PXT Select makes the very human decisions about hiring simpler and smarter and helps organizations select and develop the right people. Learn more at [www.PXTSelect.com](http://www.PXTSelect.com).
